

Kids Go Boating - Safety

DO NOT sit on the gunwale, dangle your feet or arms over the side of the boat.

DO NOT climb or walk on the roof of the boat.

ALWAYS wear your life jacket if you are outside.

ALWAYS wear proper shoes not flip flops and NEVER run up and down the boat or the lock side.

ALWAYS listen to the grownups.

DO NOT try and stop the boat using your hand or foot.

ALWAYS look after the countryside. Don't leave any litter.

DO NOT throw anything in the canal. It might get caught around the propeller.

ALWAYS hold Mummy or Daddy's hand if you are helping at the locks or getting on and off the boat.

Follow these simple rules and you will be safe. Don't forget send me your adventure story and I'll put it on the site.
